OVERVIEW

Art Capital Partners (ACP) was created to provide a worldwide marketplace for the promotion and investment of visual art. Through our subsidiaries and affiliated partners, we remove the uncertainty and risk surrounding art appraisals, consulting, and business services for collectors. We also strive to support artists through educational, promotional, and exhibition programs.

ACP strives to provide impeccable business practices to ensure confidentiality, privacy and authentication. In addition, our corporate structure offers an array of core art and investment capabilities that function independently and in cooperation with each subsidiary so we are able to meet the unique needs of both patrons and artists.

We employ a team of experienced and educated professionals who will help ensure the provenance of each piece of art. We are able to offer our clients a multicultural, multilingual team approach and we strive to provide innovative solutions through a practical, strategic mindset.

ACP affiliates include Art Marketing Partners, Capital Art Fund, and the ACP Foundation.

CORE CAPABILITIES

ACP and its subsidiaries, affiliates, and corporate partners offer an array of core capabilities that function both independently and in collaboration with each other. Our capabilities include:

- operation of art galleries in strategic global locations
- management of investment funds for the acquisition of art
- asset management of art holdings
- management and operation of art workshops and educational facilities
- investment banking services for art owners
- art advisory services
- maintaining corporate and private collections
- private art sales
- online auctions
- exhibition activities
- art commissioning
- art promotion
- marketing and sales of art across various industry sectors

GALLERIES & EXHIBITIONS

ACP promotes art through the operation of art galleries in key markets around the world.

We support the creation of international art projects and exhibitions, bringing together artists from different countries to exhibit them at prominent museums and art centers, as well as conducting personal exhibitions of artists.

We cooperate with well-known galleries and museums in centers of contemporary art.

EDUCATION & WORKSHOPS

Recognizing that art is a lifelong journey, we strive to provide educational opportunities in the visual, tangible arts – drawing, painting, sculpture, and design – as well as in the contemporary elements such as photography, video, film, design, and computer art.

We also offer workshops to help artists refine their skills in the studio with expert guidance and critique.

PROMOTION

We partner with select government-sponsored programs to help promote art in key growth markets. ACP was formed to support the development and production of contemporary art. Our goal is to become the epicenter of contemporary cultural life in different countries. Therefore, we try to combine the creative generation – free, brave, educated, and intelligent – with the world of art. One of our strategic objectives is to integrate contemporary art into the global cultural space by participating in world events, auctions, biennales, fairs, and exhibition projects.

PUBLIC RELATIONS & MARKETING

Our experienced account team offers an integrated marketing approach with measurable results. We blend creativity and strategy to achieve seamless and effective campaigns by offering a range of capabilities including traditional and social media marketing, branding, graphic design, advertising, and public relations.

PRIVATE SALES

ACP helps complete sales and purchase transactions in a safe, secure, and confidential manner. We will find the best offers for top market and collector items and negotiate sales at appropriate pricing levels. Works offered for sale cover different periods of world art: the art of past centuries, the art of the 20th century, and contemporary art.

ADVISORY & AUTHENTICATION

Our team of specialists investigate, evaluate and authenticate art to ensure an accurate assessment of a variety of art forms. We offer strategic advice and guidance on various types of art acquisition.

The company's high-level professionals seek the best art proposals on the market, verify authenticity, and provide original documents.

We collaborate with laboratories, museums, auction houses, and experts engaged in research and attribution of works of art to eliminate the possibility of acquiring inauthentic work.

REPRODUCTION

ACP offers a selection of high-quality fine art reproductions, lithographs, and photographs, as well as the publishing of monographs and exhibition catalogs.

INVESTMENT FUNDS

When managed properly, art can be an important component of one's investment portfolio. We provide financial projections and advisory services through comprehensive and detailed financial research, studies, and analysis. The firm's mission is to help its clients make sound art investment decisions and use art as a vehicle for long-term wealth preservation and capital growth. In addition to investing in individual artwork, clients may choose to invest in the Capital Art Fund to more broadly diversify their portfolio in this asset class.

ASSET & WEALTH MANAGEMENT

A private art collection requires the same strategic planning as other financial assets, and with the help of skilled advice can achieve respectable gains. Our team of professionals can help manage the assets of art holdings by assisting clients in the monetization and preservation of art and related capital assets.

INDUSTRY CAMPAIGNS

ACP provides a key role in supporting various corporate, product, and project marketing campaigns through the promotion, leasing, and sale of art and art-related products. We cross industry sectors utilizing art to support corporate and charitable activities providing ongoing, specific product, unique property, and special event sales and marketing promotions. Experienced ACP teams specialize in the real estate, hospitality, resort, fashion, sports, and entertainment sectors.
