

ACP FOUNDATION

As the nonprofit arm of [Art Capital Partners](#), ACP Foundation is dedicated to supporting the worldwide art community through charitable and educational activities.

We develop partnerships and programs that reinforce artists' capacity to create and present

work, advance access to and participation in the arts, and promote more sustainable arts ecology.

ACP Foundation believes that art is essential, that it has the power to transform individuals and communities, and in so doing helps

define our society. Excellence, integrity, service, inclusion, and engagement are fundamental tenets of the Foundation's commitment to the arts.

The Foundation supports emerging artists and broadens audiences for their work, fosters a climate that values and seeks understanding of the arts, and increases visual literacy and appreciation for "the artist's life."

We envision a vital arts sector enriched by the movement of a vibrant and diverse environment of artists and arts organizations across geographic, artistic and institutional boundaries regionally, nationally, and internationally.
